This information allows us to fulfill a requested transaction and facilitate participation in online programs, keep records, undertake certain marketing activities (only in accordance with applicable law and any required consents), or to otherwise customize or enhance the Web site experience for children.

Children under the age of 13 may be able to make certain content such as user generated content visible to others or the public. This could include, for example, a webpage or parts of webpages operated by children that have been designed for group or public viewing. However, absent parental consent, children under 13 would be allowed to display only limited information such as a first name or unique user name or other information that does not allow for online contacting by third parties.

To respect the privacy of parents, information collected and used for the sole purpose of obtaining verifiable parental

consent or providing notice is not maintained in retrievable form by the site if parental consent is not obtained after a reasonable time.

SUBMISSIONS

Girl Scouts of North East Ohio welcomes children to learn more about our organization and, where appropriate, participate in polls and surveys, as well as submit comments, artwork, writings, and other submissions for posting on our Web site. For this reason, Girl Scouts of North East Ohio follows the guidelines for interactive electronic media published by the Children's Advertising Review Unit (CARU) of the Better Business Bureau for pages targeted to children under 13.

However, we encourage this be done only with their parent's knowledge and supervision. We also encourage children to use an alias (e.g., "Bookworm", "Skater", etc.), first name, nickname, initials, or other alternative to full names or screen names which correspond with an email address for any activities which will involve public posting.

In keeping with CARU's Principle regarding respecting and fostering the parents' role in providing guidance for their children, we encourage parents to check and monitor their children's use of email and other online activities regularly.

USE OF COOKIES AND SIMILAR TECHNOLOGIES

Visitors should be aware that Personal Data and non-personal information and data may be automatically collected by the Girl Scouts of North East Ohio Web site through the use of "cookies" or other similar technologies such as web beacons. "Cookies" are small text files a Web site can use to recognize repeat visitors, facilitate the visitor's ongoing access to and use of the site, and allow a site to track usage behavior and compile aggregate data that will allow content improvements. Cookies are not programs that come onto a visitor's system and damage files. Generally, cookies work by assigning a unique number to the visitor that has no meaning outside the assigning site. If a visitor does not want information collected through the use of cookies, there is a simple procedure in most browsers that allows the visitor to deny or accept the cookie feature. "Web beacons" are a small snippet of code embedded in webpages typically used to monitor activity on a webpage and transfer or collect information, such as information about your Internet Protocol address, the URL of the page on which the beacon is located, the browser type that is accessing the site, and the ID number of cookies placed on your computer.

Girl Scouts of North East Ohio uses "cookie" technology only to obtain information including Personal Data from its online visitors in order to improve visitors' online experience and facilitate their visit within our site. Girl Scouts of North East Ohio may use web beacons to improve website services, conduct website analytics, first party advertising relating to us and our sponsors, and to optimize the browsing experience.

Cookies expire after they have fulfilled their purpose. Our websites use cookies that expire when you close your browser (i.e., session cookies) or that expire after a set period of time (i.e., persistent cookies). Cookies that are stored by third parties will have their expiration period determined by the third party, not us.

We use third-party advertising companies to serve ads when you visit our site. These companies may use Personal Data and other information (but not your name, address, email address, or telephone number) about your visits to this and other Web sites in order to provide

advertisements about goods and services of interest to you on this or other websites. Read more information about [this practice](#) at <http://www.networkadvertising.org> and <http://www.aboutads.info/choices> to know your choices about not having this information used by these companies.

OUR SECURITY SAFEGUARD

The safety and security of your online experience is of the utmost concern to us. We take measures to implement reasonable physical, electronic, and managerial procedures to safeguard and help prevent unauthorized access, maintain data security, and correctly use the information we collect online.

CREDIT CARD SAFETY

Protecting the safety of your credit card information is also important to us. For card transactions we process, we use Transport Layer Security (TLS) technology to protect the security of your credit card information as it is transmitted to us. TLS is an Internet encryption technology, and a method of scrambling data as it travels from your computer to our Web site servers. We also encrypt your credit card number when we store your order and whenever we transfer that information to participating merchants.

To make sure you are accessing our secure server before you submit sensitive information, check the document for your browser for indication of a TLS connection (most browsers utilize an unbroken or closed padlock). Verify that TLS is active before submitting sensitive information to our server. To double-check, verify that the TLS or Address line of your browser for our site begins with "https."

It is important for you to protect against unauthorized access to your password and to your computer. Be sure to sign off when finished using a shared computer.

CHILDREN

If you are under 18, you need parent/guardian permission to use a credit card to make purchases online.

When you register for a contest or promotion, we provide you with the option to receive or not to receive additional marketing communications from us. If you choose to receive these additional communications and later change your mind, you may unsubscribe from those additional communications at any time. For example, e-mail messages will contain instructions on how to "unsubscribe" from receiving the e-mail in question.
